Sponsored Research Projects

Title of the Project

Documentation and Development Indigenous languages of South odisha

Targeted drug delivery

Climate change mitigation through application of renewable energy and reduction of black carbon level

Value addition of Marine fishery products

Igniting youth innovation

The innovation tool kit

Developing Broadband Antenna System for SDR

Development of High Speed RCS Computation Scheme

Extension for Gopalpur Fishermans through NFDB

Studies on Commercially important Fish of Gopalpur Coast, Odisha in Bay of Bengal and Development of

Theoretical studies on double beta decay and spectroscopy of nuclei in the mass 80 region

Characterising Costal water Quality using biooptical properties with special emphasis to phytoplankton s
Extension activities

A Structural Approach to Odia Vocabulary

JFM protection phyto-diversity and structure of sum regenerating forests stands in Gajpati districts

Identifying Child Friendly Components in JNNURM

Developing Space-Mapped Models for Left Handed Electromagnetic Material based Systems

Studying effects of cloak surrounded antennas on SDR performance using neuro-space-mapping
